This is a Private Social Network for people looking for work in the Oil Patch. To keep Spam off the Network and the system running as smoothly as possible we ask for you to make a one time payment of

\$ 25.00 . Why do we do that ? Keeps people off our system that come here only to spam our clients. Up to 80% of spam targetted at Internet users in North America and Europe is generated by a hard-core group of around 100 known professional spam gangs whose main objective is to spam Social Networks. Asking you to make a small finiancial is a deterrent and allows us to know you are serious about employment in the oil patch.

You will receive an invite code within a few hours of visiting papypal.com so be sure to check your emails for a link to the signup page. We used to charge \$ 250.00 for our service but now it is a mear \$ 25.00. That's right ! Make friends on our Social Network and follow the format that is currently in place. We offer little or no support wiyh our new format.
